Sharing Student Progress

Students receive two Progress Reports with Parent/Teacher Interviews, or Student Led Conferences.

Classroom Newsletters

Parents will receive monthly newsletters regarding curricular focuses and upcoming events such as field trips, kinder cooking, concerts, holidays and non-instructional days.

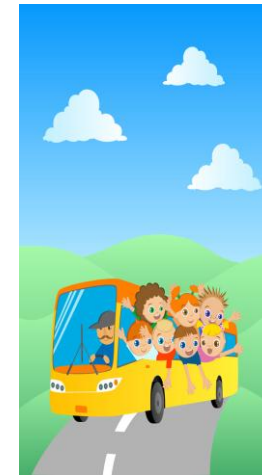

Library

Weekly school library visits give students access to a wide variety of books. Reading with your child is an important stepping stone to building literacy.

Physical Education

All curricular dimensions including cooperative games, gymnastics, dance, fitness etc. are covered. McKee School promotes a healthy and active lifestyle.

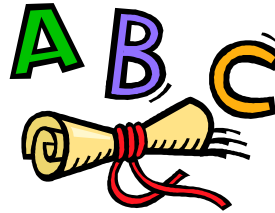

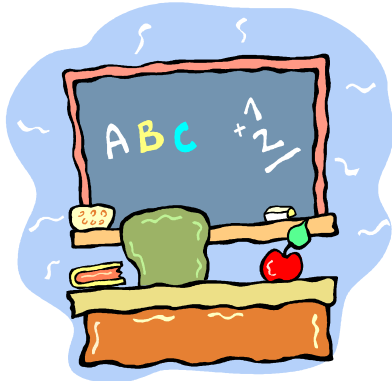

Special Events

Field trips, swimming, guest speakers, and in-school field trip experiences enrich students' learning.

Volunteers

We love to have help from our parents. Please read the monthly newsletters for requests for helpers with various activities.

McKee School offers a colourful array of programs that make the school a unique place to learn and grow.

At McKee we take pride in our rich learning environment where students learn through play with class mates as well as teacher instruction. It is important for children to develop in many areas whether they be physical, psychological, emotional or social.

It is a time to learn rules, responsibility and routines, make friends and share ideas. Encourage your child to share with you what they have learned.

All students develop and experience progress at different rates throughout the year.

The year goes quickly and it is amazing to see how fast they will grow and how much they will learn.
